## Faith

Today we are going to talk about one of the benefits of faith in God's abilities. *Hebrews 11:1* Now faith is the substance of things hoped for, the evidence of things not seen.

Notice that faith is related to hope. When we have faith we believe that God is going to answer us even when we don't yet see the result of our prayer. Faith in this way is related to Joy, we can have joy at all times because even if we don't yet see God's provision, or we don't yet see the answer to our prayer we believe that we will have the answer soon. This belief keeps us sound, and keeps us in a state of praise. Believe God and you will have joy. Look at your circumstance as unbeatable and you will lose hope.

*Matthew 17:20* I can promise you this. If you had faith no larger than a mustard seed, you could tell this mountain to move from here to there. And it would. Everything would be possible for you.

*Matthew 4:31* It is like what happens when a mustard seed is planted in the ground. It is the smallest seed in all the world. But once it is planted, it grows larger than any garden plant. It even puts out branches that are big enough for birds to nest in its shade.

Notice how Jesus uses a picture of a small seed to proceed his works. We only need a small insignificant believing prayer to move impossible situations. The kingdom of heaven is also referred to by Jesus as starting as a small seed. It is our small seed of faith at salvation, and insignificant act of acceptance of the message of Christ that leads us into a great big flourishing life. Many unbelievers have been deceived into believing faith is the mirror opposite, a great big hard effort, for a narrow small restricted life.

**BIBLE VERSE** - The LORD gives sight to the blind, the LORD lifts up those who are bowed down, the LORD loves the righteous. *Psalms 146:8*

**THOUGHT** - Doing God's will is never hard. The only thing that is hard is *not* doing His will. *Oswald Chambers*

**SMILE** - A miracle is a wonder, a beam of supernatural power injected into history. It makes an opening in the wall that separates this world and another. *TIME Magazine (1991)*
